# International Wine and Culinary Journeys

## Small Groups, intense fun

A program for Wine Enthusiasts and Foodies with a sense of adventure. Culture, History, UNESCO World Heritage Sites, Farm to Table, Homestead cooking, and traveling “off the beaten path” are guaranteed. You join with likeminded travelers, and meet the Farmers, Food Artisans, and Cellar Masters right in their back yard or homes. Cooking classes, and other work shops are offered along with vineyard strolls, ancient cellar visits, Cathedrals, Medieval Town Squares, and cultural immersion. On your VIP tour you’ll encounter tight knit villages, small boutique wineries, and eateries. We leave the commercialism behind and sit around the table with the locals, enjoying their wines and regional dishes. You travel in a small luxurious motor coach and rest in comfortable hotel rooms with private baths while marveling about this unforgettable journey.
